The Record

Fordson
TRADE MARK

We realize that to-day every wise farm owner thoroughly investigates the tractors that are most suited to his needs—looks up their records, the men who built them, and the way in which they will be cared for after his machine is bought. And in this way he gets the one machine best suited for his needs. That's just the message we would like to give you—how the Fordson was built to meet actual farming conditions, how it did that before it was put on the market; how it has upheld the name "Ford" among 110,000 Fordson owners; how we do not lose sight of our customers' best interests after the tractor sale is made.

The story of our service—our method of providing for and taking care of all "Fordson" owners' needs in our territory—is a vital consideration for you before you make your choice of machines.

All about the "Fordson" is a message well worth hearing—let us tell it to you in person.

Best Wheat—Perfect Milling That Make a Perfect Flour

There is a greater difference in flour than even women of experience in home baking realize. The difference in quality always comes out in the baking. You could not induce thousands of women in Michigan to use any other flour than

Lily White

"The Flour the Best Cooks Use"

Look for the ROWENA trade-mark on the sack

They stick to this flour year after year because it makes for them deliciously flavored, white, tender bread, rolls, biscuits, and flaky, melt-in-the-mouth pastry. It is an all-around flour. There are definite reasons why LILY WHITE is so good.

In the first place the finest wheat is used—a grain of just the right balance, neither too hard nor too soft. It has strength and nutrition to build health and make a 100% food. As we mill this wheat, it is cleaned four times, scoured three times and then washed before going on the rolls for the first break. Only the hearts of the grain are used—the very best part. The most careful, scientific and sanitary milling converts the wheat into finished flour of wonderful texture, uniformity of granulation and color. Flour could not possibly be made better.

Prove our claims for LILY WHITE by giving it a trial. It is guaranteed to give you absolute satisfaction. Ask for it at your dealer's.
